Counselors are available 24 hours a day, seven days a week from anywhere in the United States.

Help when you need it

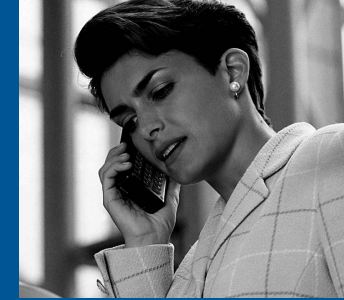

The EAP offers assistance with day-to-day issues, so you can be at your best – at work and at home. Confidential assistance is available for concerns such as:

- Family, relationship and parenting issues
- Child and elder care needs
- Emotional and stress-related issues
- Conflicts at home or work
- Alcohol and drug dependencies
- Health and wellness issues

Services available include:

- Telephone consultation, available 24/7, with licensed mental health professionals
- Referrals to local child and elder care services and resources
- Online information and services at www.MagellanHealth.com
- Referrals to local community resources if you need additional assistance

Best of all, EAP services are available at no cost to you and your family. And if you need assistance beyond the scope of the EAP, the counselor will help you find an affordable solution.
